

FOR IMMEDIATE RELEASE

Veeva Becomes First Life Sciences Training Solutions Provider to Gain IACET Accreditation

Trainees can now earn continuing education units by completing Veeva LearnGxP courses on Veeva Vault Training

PLEASANTON, CA — May 17, 2023 — **Veeva Systems** (NYSE: VEEV) today announced that **Veeva Vault Training** and **Veeva LearnGxP** received accreditation from the International Accreditors for Continuing Education and Training (IACET), becoming the first IACET-authorized life sciences focused training solutions. Now customers can complete Veeva LearnGxP online courses on Vault Training to earn continuing education units (CEUs) and achieve certification. This helps companies drive employee qualification and improve compliance with GxP requirements.

“We are excited to recognize and celebrate the achievement of Veeva as an accredited provider,” said Randy Bowman, interim president & CEO of IACET. “Veeva joins nearly 600 organizations around the globe that have matriculated through a rigorous peer-reviewed process by experts in continuing education, ensuring the highest possible standards.”

IACET is an international standard development organization that provides a framework for learning process excellence. Veeva’s accreditation includes all programs offered or created during an upcoming five-year period.

“Achieving IACET accreditation is a significant milestone that adds value for customers using our unified learning management and content system,” said Graham O’Keeffe, general manager, Veeva LearnGxP. “Building on Veeva’s continued innovation in training, we’re proud of this achievement to make it easier for trainees in life sciences to complete certification and companies to maintain a compliant workforce.”

Customers can leverage Veeva LearnGxP’s eLearning library, with more than 180 courses and premium microlearning videos, to earn widely accepted CEUs and official accreditation for each completed course. Learn how an end-to-end learning solution can simplify role-based training at **Veeva R&D and Quality Summit Europe** in Madrid, June 6-7.
