

## Quality and Manufacturing Zone

September 8	Session/Event	Room
4:30–7:00 pm	Registration Opens	North Lobby
5:30–7:00 pm	Welcome Reception	<b>Innovation Hub</b>
September 9	Session/Event	Room
9:00–9:50 am	Opening Keynote	<b>Ballroom East/West</b>
10:30–11:20 am	<b>Quality Keynote:</b> Maintaining Quality while Rapidly Scaling with Purpose, Speed, and Conviction	<b>Ballroom</b>
11:30 am –1:00 pm	<b>Lunch &amp; Connect</b>	<b>Innovation Hub</b>
11:45 am–12:00 pm	<b>Innovation Theater:</b> Accelerating GMP Release Decisions with Vault Batch Release	<b>Innovation Theater</b>
12:15–12:30 pm	<b>Innovation Theater:</b> Unifying QA and QC to Improve Efficiency and Compliance	<b>Innovation Theater</b>
1:00–1:50 pm	<b>Panel:</b> Adopting a Cloud-Based LIMS to Improve Right First Time and GMP Compliance	<b>154</b>
3:00–3:50 pm	<b>Redefining LIMS:</b> Transform QC with a Unified Solution	<b>154</b>
4:30–5:20 pm	<b>Alvotech:</b> Breaking the Status Quo and Embracing the Next Generation of LIMS	<b>154</b>
5:30–9:00 pm	<b>Evening Event</b>	
September 10	Session/Event	Room
9:00–10:00 am	Roadmap: LIMS Roadmap and Vision	154
11:00–11:50 am	<b>Scitara:</b> Modernizing the QC Lab through Instrument Integration and FAIR Data Streaming	<b>154</b>
3:30–4:20 pm	<b>Networking: Coffee &amp; QC</b>	<b>Innovation Hub</b>

## Quality and Manufacturing Zone

### September 9

#### **Unifying QA and QC to Improve Efficiency and Compliance**

Hear how unification between Vault LIMS and the Quality Suite drives efficiency and compliance by rendering documents from the Vault QualityDocs library on screen during test execution, automating creation of lab investigations in Vault QMS, and leveraging qualification within Vault Training to drive compliant work assignment.

#### **Panel: Adopting a Cloud-Based LIMS to Improve Right First Time and GMP Compliance**

Hear from biopharma companies that have modernized QC operations by adopting a cloud-based LIMS. Learn about the catalysts for change, what is critical when evaluating a solution, the ease and speed of implementation, what they have achieved so far, and where they are going next with Vault LIMS.

#### **Redefining LIMS: Transform QC with a Unified Solution**

Learn about a new approach to optimizing QC and increasing right first time. While legacy LIMS solutions have grown stagnant, see how Veeva is redefining LIMS and transforming QC operations with a unified solution.

#### **Alvotech: Breaking the Status Quo and Embracing the Next Generation of LIMS**

Hear how Alvotech pivoted from continuing to invest in its existing LIMS and processes to a better way of managing QC. They will share how they identified the right time to stop investing in a legacy LIMS and how Vault LIMS will modernize their QC operations with simplified processes.

### September 10

#### **LIMS Roadmap and Vision**

Hear the roadmap and vision of Vault LIMS. See demos of the latest innovations and get your questions answered.

#### **Scitara: Modernizing the QC Lab through Instrument Integration and FAIR Data Streaming**

Discover how using a modern cloud-based LIMS with a cloud-based integration platform can automate data workflows and stream high quality, contextualized QC lab data to increase productivity and data value with measurable ROI. Learn how integrating these data repositories with other enterprise data can enhance insights through AI.

#### **Coffee & QC**

Informal networking with QC peers to discuss challenges and plans to tackle them.
